Dear Ms. Malueg:

I am pleased to notify you of the transmittal of your system's second payment for operations in 2005 in the amount of \$209,428. This payment will allow you to carry out this year's system plan as approved earlier by the Division for Libraries, Technology, and Community Learning. The total amount provided for public library systems in 2005 is \$14,196,700, the same as the amount provided for 2003 and 2004. The current biennium level funding of public library systems was achieved through a shift in funding source of \$2.1 million from state GPR funds to the universal service fund. Therefore, for this payment, you will receive two aids transmittals, one from each source. A listing of this year's payments is enclosed.

Chapter 43 of the Wisconsin Statutes directs the Department of Public Instruction to include in its budget request for the biennium an amount equal to an index of 13 percent of local and county expenditures for public library service. For 2005 aid, the state funding level is estimated at 7.9 percent of local and county expenditures for public library service.

State Superintendent Elizabeth Burmaster and I continue to work for an increase in the state's commitment to public library services and systems in Wisconsin.

I look forward to working with the Winnefox Library System board and staff as we prepare to meet the challenges of the next biennium.

Sincerely,

Richard Grobschmidt
Assistant Superintendent
Division for Libraries, Technology, and Community Learning
