Dear Mr. Rosser:

I am pleased to notify you of the transmittal of your system's second payment for operations in 2006 in the amount of \$219,930. This payment will allow you to carry out this year's system plan as approved earlier by the Division for Libraries, Technology, and Community Learning. The total amount provided for public library systems in 2006 is \$14,908,600, a 5 percent increase over 2005 funding. The current biennium level funding of public library systems was achieved through a shift of some funding from state GPR funds to the universal service fund. Therefore, you will receive two aid transmittals, one from each source. A listing of this year's payments is enclosed.

Chapter 43 of the Wisconsin Statutes directs the Department of Public Instruction to include in its budget request for the biennium an amount equal to an index of 13 percent of local and county expenditures for public library service. For 2006 aid, the state funding level is estimated at 8 percent of local and county expenditures for public library service.

State Superintendent Elizabeth Burmaster and I remain committed to public library services and library systems in Wisconsin. We are pleased to note that, as you begin budget planning for 2007, you can anticipate a 4.1 percent increase over this year's aid amount.

I look forward to working with the Winnefox Library System board and staff as we prepare to meet the challenges of the next biennium.

Sincerely,

Richard Grobschmidt
Assistant Superintendent
Division for Libraries, Technology, and Community Learning
